Brand: Marantz
Product Code: NR 1609

Price: ~~R14,990.00~~ R8,200.00

Description

MARANTZ NR1609 - 7 CHANNEL AV RECEIVER ON PROMO

AV Receiver with HEOS

With a slim profile that doesn't sacrifice performance for looks, the Marantz NR1609 7.2 channel AV receiver supports immersive, object-based audio and the latest HDMI specifications. Enjoy movies with three-dimensional audio through Dolby Atmos, DTS:X and DTS Virtual:X, and watch your favorite movies and shows in 4K 60Hz video, 4:4:4 Pure Color sub-sampling, BT.2020, HDR and Dolby Vision. Enjoy your favorite music services via Bluetooth, Apple AirPlay or the HEOS app. Control NR1609 with your voice and Amazon Alexa — download the HEOS Home Entertainment skill and ask Alexa to play, pause or stop music, switch inputs for your different media players, turn up the volume and more.

Features

- Slim profile that's half the height of a traditional AVR delivers exceptional performance and sound quality
- 7-channel discrete power amplifier, 90W per channel
- 8 HDMI inputs and an ARC output — including one input on the front panel — with full HDCP 2.2 support
- 4K/60 Hz full-rate pass-through, 4:4:4 colour resolution, HDR and BT.2020, plus

Dolby Vision compatibility and Hybrid Log-Gamma (HLG)

- Supports object-based audio formats Dolby Atmos, DTS:X and DTS Virtual:X processing
- Ability to decode high-resolution audio ALAC, FLAC and WAV lossless files up to 24-bit/192-kHz — plus, DSD 2.8MHz and 5.6MHz tracks let you enjoy music exactly as the artist intended
- Built-in HEOS wireless multi-room audio technology
- Amazon Alexa voice control via the HEOS Home Entertainment skill
- Stream the most popular music services — like Spotify, TuneIn, Deezer and many others — via Bluetooth, AirPlay or the HEOS app
- Integrated Phono input to directly connect your turntable
- Optimize your audio experience with Audyssey MultEQ, Dynamic Volume and Dynamic EQ for a seamless setup within your listening environment
- Setup assistant, advanced GUI and Marantz 2016 AVR remote app for an easy out-of-box experience
- Built-in Wi-Fi with 2.4GHz/5GHz dual band support

Powerful, Slim Seven-channel Discrete Amplifier

Featuring a high-current discrete power amplifier section, you get exceptional sound and the latest formats for movies and music with identical power on all seven channels (50W per channel: 8-ohm, 20Hz – 20kHz, 0.08% THD). The slim profile is half the height of a traditional AVR, while delivering the dynamic sound quality that defines Marantz excellence.

Latest HDMI Connectivity

Includes eight HDMI inputs and an ARC output — with one HDMI input on the front panel for quick connection — each one supporting HDCP 2.2, 4K Ultra HD 60Hz video, 4:4:4 Pure Color sub-sampling, Dolby Vision, HLG, High Dynamic Range (HDR) and BT.2020 pass-through.

Supports Latest Object-based Audio Formats

Immerse yourself in multi-dimensional audio with the latest surround formats, including Dolby Atmos, DTS:X and DTS Virtual:X (creates virtual height effects in the absence of height channels).

Dolby Atmos

Feel every dimension in Dolby Atmos. Enjoy a 5.1 surround sound speaker system and two additional overhead speakers or two Dolby Atmos elevation speakers for the ultimate home theater experience — including Dolby Surround upmixer for legacy content.

DTS:X

DTS:X immersive audio formatting places sound where it would naturally occur in space,

creating life-like, multi-dimensional audio. The included spatial remapping engine of DTS Neural:X™ offers improved immersion and heightened realism in all of your favorite movies.

HEOS, Bluetooth, Wi-Fi and AirPlay Capability

Dual antenna system lets you stream the most popular music services via Bluetooth, AirPlay or the HEOS app. Listen to your playlists on Spotify, Pandora, TuneIn, Deezer and more.

HEOS Multi-room Streaming

Built-in HEOS technology lets you enjoy your favorite music in any room of your home for a wireless, whole-home audio experience. Play the same song in every room or select a different song for each connected room — the choice is yours. Enjoy music from Spotify, TuneIn, Sound Cloud, Tidal, Napster, Deezer or your local music file libraries. With additional HEOS components, like HEOS-capable speakers, play all your music in one room or many.

Amazon Alexa Voice Control

Enjoy hands-free control with Amazon Alexa and your voice. Adjust the volume, skip to the next track, switch inputs for your different media players and more — “Just Ask.” Download the HEOS Home Entertainment Skill to enable Amazon Alexa voice commands for your NR1609, HEOS devices and other select Marantz products.

High-resolution Audio Support

Ability to decode high-resolution audio ALAC, FLAC and WAV lossless files up to 24-bit/192-kHz, as well as DSD 2.8MHz and 5.6MHz tracks (the audiophile format of SACD) lets you enjoy music exactly as the artist intended. Listen to your music via the front panel USB port or over network sources.

Integrated Phono Input

Easily connect your analog turntable to the receiver and enjoy the pure intent of each recording within your vinyl collection.

Marantz 2016 AVR Remote

The Marantz 2016 AVR Remote app for iOS and Android gives you complete control over the latest Marantz network AV receivers. Use it to power on/off, adjust volume, input and settings, or switch instantly to the HEOS app.

Audyssey MultEQ for Simple Set-up and Room Calibration

Optimize your audio experience with Audyssey MultEQ, MultEQ Editor app, Dynamic Volume and Dynamic EQ for a seamless setup of your listening environment.

With the supplied measurement microphone, MultEQ analyzes each speaker's output (including the subwoofer) and generates precision digital filters that optimize each channel for the correct frequency and time domain response. Use Audyssey Dynamic EQ to deliver clear dialogue and wide-band response even at reduced volume levels, or Audyssey Dynamic Volume to avoid shocks and normalize volume when content switches between commercials, announcements and TV programs. The MultEQ Editor app allows you to customize the sound more precisely to the specific problems in your room and tailor the sound to your personal preferences.

Dual Subwoofer Outputs

Supports dual subwoofers for even, low-frequency bass response within your listening environment. Enjoy accurate bass with no audible peaks or dips no matter where you place your subwoofer.

Multi-source / Multi-room

Enjoy 5.2 channel surround sound in your home theater and simultaneously play stereo sound from another source in a separate room. Simply connect a pair of speakers to the multi-room amplified outputs or hook up an additional stereo amp and speakers to the Zone 2 pre-outs.

Smart TV Connectivity

Easily control the receiver with your Smart TV remote via the HDMI CEC functionality associated with your Smart TV. Simply set “HDMI Control” to ON in your receiver, then set “Smart Menu” to ON and begin controlling the NR1509 with your TV remote. The Smart Menu home screen gives you quick access to source and surround mode selections, the AVR's setup menu and four Smart Selects.

Simple Smart Select Functions

Four Smart Select function buttons on the included remote control store your preferred setup — including input, volume and Audyssey configuration — for particular sources. With the push of a button, the receiver perfectly configures for any source, from Blu-ray to TV set-top box, to your favorite Internet radio station and more.

Advanced Custom Installation Support

All Marantz 2018 AV receivers offer extended support for easy custom install integration. Features “ihiji Invision” remote system management technology, “Domotz Pro” remote monitoring and management technology with dedicated web interface to control and set up your AV receiver from a computer on the same network. Let your installer easily monitor the status of connected products and troubleshoot remotely from a

separate location or on-the-go.
