
PARADIGM DSP3200 12" 900W SUBWOOFER

Brand: Paradigm
Product Code: DSP3200

Price: ~~R12,990.00~~ R7,500.00

Description

Subwoofer - Single driver, bass-reflex, dual high-velocity low-turbulence resistive ports, built-in amplifier, USB Port / PBK Interface 900 watts Dynamic Peak / 300 watts RMS, High-power DSP Series subwoofers are the result of Paradigm's multi-year R&D effort to achieve exceptional high performance while accommodating the growing desire for installation flexibility. Not everyone wants a high-performance subwoofer on full display, so models are front-firing and front-ported with removable grilles, making them ideal for "hidden" installations. For those who want it all ... exceptional high performance (including the sonic benefits of digital signal processing!), a smaller footprint, flexible placement options and killer price points, DSP subwoofers fit the bill.
